The following voluntary testimonial was given to
the Agent. Mr, M. Wires, at Cambridge, Vt., and
apeaks volunes in favor of this medicine.

Cambridge Vt., Sept. 1st., 1847.

Mr. M. Wires, Dear Sir:

Having been a great sufferer from that
tecture of the hisman race, Dyspepsia, and having at
last found relief, I feel desirons that others suffering,
[and there are thomanule] should know the means by
which I was cared. Until within about a year since.
I had suffered much from Hendache, Heardmen and I had suffered much from Hendache, He withurn an Dizziness, so much so that I was confined to m house the most of the time. The food which I ate dis tressed me, and in fact, life become almost a burden lwas totally anable to attend to the slightest duries Iwas totally anable to attend to the slightest duries required of me, so great was my debility. Having tried all remades recommended and advertised for the cure of my complaint, v sited the springs which are so highly recommended, and taken the advice of Physicians without getting relief, I gave up all hopes of ever enjoying good health again; in fact, my Physicians frankly told me they could do nothing for me. At this time my sufferings were very great; all hopes of ever being made conductable had find, and I gave myself up to suffer. Accidentally, in looking oven a newspaper I noticed an advertise went of Dr. Wood's Sarsapar Ha and Wild Cherry Bitters, and on reading it, I thought that I might probably obtain some relief, not thinking a cure of my cose was possible; & as a last hope I procured a bottle from your store and commenced taking it, and to my great joy, I at one-found relief. Being encouraged by its wonderful effects, I was induced to continue in use, After taking one bottle I was able to be out and attend to the duties required of me, in I feeling much better than duties required of me, in I feeling much better than I had for months, or ever years, I was now satisfied that I had at last formel a reneally for my discuse. and left assured, that by estimate a reneral for my discuse, and left assured, that by estimates its use I should be cured. And such has proceed to be the case. I have now taken only two hartles, and can say to those suffering from this discusse that I am entirely cured. I keep a bottle in my home, and when I feel the least uspleassant symptom, a done of this excellent Medicine entirely removes it. I am of opinion every case of Dyspensia and its adjustants even ion every case of Dyspersia and its attendants can be cured by the use of Dr. Wood's Sarsaparilla and
